DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 2-11, 15-27, 34, and 36-47 are rejected under 35 U.S.C. 102(b) as being anticipated by O'Connell.

The O'Connell reference discloses a fuel filler tube assembly comprising a funnel portion 44 of a filler tube 8 having a larger inlet with a rolled over sealing surface and a smaller outlet (see Figure 4), a funnel insert 12 with a smaller diameter portion received in the inlet of the funnel portion 8 and having a nozzle opening and a larger diameter portion operable to receive a cap 14 (see Figure 2), a vent tube 25, and a fuel tank 26, wherein the funnel portion is tapered as claimed to induce swirl (see col. 3, line 63-col. 4, line 6). The claimed method is disclosed in column 5, lines 5-45.

Response to Arguments

Applicant's arguments filed on 9/28/04 have been fully considered but they are not persuasive. Applicant basically argues that the filler tube of the O'Connell device is not integral with the funnel portion. However, the end of the smaller diameter portion of

element 8 of the O'Connell device can be considered the "filler tube" and the O'Connell reference therefore still reads on the claims.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
